As the ones leading iCEGroup India, we can very happily say that 2021 was that year that brought about learning galore. We learnt to innovate and reinvigorate and surge forward with our chins held high. All of us learnt to be thankful for all the work we had and to always deliver to the best of our ability.

The iCE family ushered in 2022 on a very positive and gallant note. We hosted a Bhandara in the office premises. This was in a small way, an act to show our gratitude and gratefulness to the supreme force, which governs all living beings. We are all blessed to have food to eat, a roof on our heads and work to keep us gainfully employed. Starting the first year of the new year in this very optimistic and altruistic manner has set the tone for the year ahead.

We had the good fortune of opening our hearts and warming up to around 1000 people in a span of 4 hours and we were all mighty thrilled. We look forward to many more such occasions in 2022 when we can do our small bit in different ways to care for all those who are lesser fortunate than us.

Wishing you all a splendid year ahead. Let's get together to pray to the Almighty to bless us with a happy, prosperous, exuberant, and disease-free world in the new year. Love and peace from us to you!

ICE COMPASS

ICEians surge ahead with the dictum of Practice to Perfection.

Celebrating Excellence in Education.

Investing our power in God to get back bountiful blessings.

Music is the universal language that brings people together.

Burning the midnight oil; just no complaints as we toil.

Good Food means Good Mood.

Windchime properties the latest offering from us to you will have you mesmerized, captivated, enthralled and awestruck. And this is an absolute guarantee. Windchime Properties located in immaculate, snug and off-beat locations of Himachal Pradesh are an opportunity for you to experience paradise on Mother Earth.

The lofty mountains, gushing waterfalls and cattle peacefully grazing is the sight to which our tourists will wake up to each morning on the duration of their stay while at any of our properties.

The properties are situated in the most unscathed and pristine locations of Himachal Pradesh -

- Bagha Saharan
- Tirthan
- Shangarh
- Khanag

Bukharis in every room, earthen ovens to bake their own pizzas, meals and drinks on treehouses, yoga and mediation sessions at the resorts and a whole plethora of adventure activities such as Burma Bridge and Rock Climbing, Spider and Bamboo Step Walking, Camping, Hiking and Trekking and a bucketful of memories for a lifetime is what our tourists will return home with.

With the latest diversification, we at the iCEGroup India have proven that offering experiences of opulence, luxe and luxury is our forever quest!

HYBRID EVENTS - BEST OF BOTH WORLDS

The current pandemic is playing games with us all. Just when it seems that it has been eradicated for good; it makes a comeback. People are no longer fretting as what they were in the past. We are all devising ways and means to cope so that life and events can go on unscathed.

Hybrid events are nowadays becoming the norm. These events combine the best of both worlds- on-ground as well as virtual events and thus are very popular. Also, with these the hosts get better ROIs and improved sponsorships and it is a win-win situation for both the hosts as well as the attendees.

- **Hybrid events reach more far and beyond that both the others. This is applicable for both this event as well as for future events.**
- **Higher audience engagement is also one of the biggest perks that accrues from hybrid events. There are more opportunities for the in-person and virtual attendees to network with one another.**
- **Good sponsorship steps up the scale of any event. As they can reach both kinds of viewers, most bigwigs are now getting even more interested in sponsoring hybrid events.**
- **Lesser carbon imprint and reduced costs are very appealing factors of hybrid events; too.**
